**THE DENTAL SPECIALISTS.**

No More Dread of the Dental Chair.

Teeth extracted and filled absolutely  
without pain by our late scientific  
methods. No sleep-producing agents  
or cocaine. These are the only dental  
parlors in Honolulu that have the patent  
appliances and ingredients to ex-  
tract, fill and apply gold crowns and  
porcelain crowns, undetectable from  
natural teeth, and warranted for ten  
years, without the least particle of  
pain. Gold crowns and teeth without  
plates, gold fillings and all other dental  
work done painlessly and by special-  
ists.Gold crowns, \$5; full set teeth, \$5;  
bridge work, \$5; gold filling, \$1 up;  
silver fillings, 50c.Any work that should not prove sat-  
isfactory will be attended to free of  
charge any time within 5 years.We are making a specialty of gold  
crowns and bridge work; the most  
beautiful, painless and durable of all  
dental work known to the profession.  
Our name alone will be a guarantee  
that your work will be of the best. We  
have a specialist in each department.  
Best operators, best gold workmen  
and extractors of teeth; in fact, all the  
staff are inventors of modern dentistry.  
We will tell you in advance ex-  
actly what your work will cost by free  
examination. Give us a call and you  
will find we do exactly as we adver-  
tise.**NEW YORK DENTAL PARLORS**Room 4 Elite Building, Hotel St.

INSECTICIDE****EXPERIMENTS OF DR. A. B. CARTER**LEAVES ARE DRIED ON OAHU  
AND REDUCED TO FINE  
INSECT POWDER.Home Manufactured Machine is Used  
To Dry Leaves Which are Then  
Ground and Sifted—Powder Burns  
Readily and is Very Effective  
Without an Unpleasant Odor.The suggestion received from Lys-  
ter H. Dewey, a botanist from the  
States, that the bark of the lantana  
might be used for tanning purposes,  
calls to mind at least one use to  
which this despised plant can be put.  
Experiments with it have been made  
by Dr. A. B. Carter on his place Ma-  
kai, on the other side of this island,  
and he found that the leaves of the  
lantana, dried and reduced into a fine  
powder, made a very fine insect pow-  
der.**Doctor Carter's Experiments.**The doctor lit upon this discovery  
by noticing that most insects seem  
to shun the leaves of the lantana  
bushes and that they seldom alight  
on them. This led him to believe that  
there must be something in the leaves  
which was repugnant to the insects  
and he consequently began experi-  
menting. He first thoroughly dried  
the leaves using for this end a drying  
machine which is used on his place  
for drying fish, fruits and other  
things. This apparatus, which is  
a very effective one, is simply a box  
about one hundred feet long and cov-  
ered with glass like a hot house. The  
end which faces the point of the com-  
pass from which the trade winds  
come is about three feet above the  
ground while the other end is elevat-  
ed about ten feet.**Very Effective Dryer.**The doctor has found that the air  
which passes through this apparatus  
will be much heated by the sun's  
shining on the glass, a temperature  
of 140 degrees having frequently  
been reached. This drier proved  
very effective for drying the lantana  
leaves although they can also be ef-  
fectually dried by simply exposing  
them directly to the sun. When the  
leaves had been thoroughly dried  
they were pounded into as fine a pow-  
der as possible and then this powder  
was shaken through several sieves,  
the last sieve in the series being a  
very fine one. It was found that the  
powder which was powdered by this  
process would burn very readily in the  
same manner as bubach and like  
preparations.The lantana powder has also the  
advantage that it does not emit the  
peculiar odor which makes the burn-  
ing of bubach offensive to many peo-  
ple.**Cheap Hawaiian Books.**The Bible and Tract society is at  
present selling out a lot of curious  
old Hawaiian religious works and text  
books at ridiculously low prices.

ers for instance sell at 5 cents each.  
Bunyan's "Pilgrim's Progress" goes  
at the same price and so on. The  
rooms of the society are on the  
fourth story of the Boston building  
on Fort street.**Y. W. C. A. Physical Committee.**The physical committee of the Y.

Chamberlain's Cough Remedy. It  
saved my little boy's life and I feel  
I cannot praise it enough. I bought  
a bottle of it from A. E. Steere of  
Goodwin, S. D., U. S. A., and when I  
got home with it the poor baby could  
hardly breathe. I gave the medicine  
as directed every ten minutes until  
he "threw up" and then I thought  
sure he was going to choke to death.  
We had to pull the phlegm out of  
his mouth in great long strings. I  
am positive that if I had not got that  
bottle of cough medicine, my boy  
would not be on earth today.—Joel

**It Pays to Get the Best**

No matter what you are buying it always pays to get the best. This rule holds good in other things as well. It pays to patronize the best laundry as it will always give you the most for your money. In this case it is the most satisfaction and the least wear to your clothes. You are saving money as surely when you buy good laundry work as in any other commodity.

**GENERAL SATISFACTION**

The efficiency, brilliancy, penetrating power and general satisfaction, which our new enclosed type of ARC LIGHTS are giving recommend them to the merchant as the best light for store use.

Mr. C. C. Eakin, of the Imperial Cigar Store, has been using the new arc light for some time, and says: "I find this new light gives absolute satisfaction in every respect, and I would have no other."

We have many such opinions as this, but the light is the greatest recommendation. Can be seen at Manufacturing Shoe Co., W. W. Dimond's, Globe Clothing Store and others. For further information address
